

Michael Aho

U.S. Citizen | Harrisonburg, VA | (703)-881-8840 | [LinkedIn](#) | [Personal Website](#)

EDUCATION

James Madison University

Harrisonburg, Va

Bachelor's of Science, Computer Science

Graduate 2027

- Algorithms and Data Structures(Java), Software Engineering(Java), Advanced Programming(Java), Intro to Programming(Python)

RELEVANT WORK EXPERIENCE

LandmarksCM

Reston, VA

Intern

January 2024 - March 2024

- Developed and managed LandmarksCM's Website utilizing WordPress, JavaScript, and HTML/CSS. Utilized a captcha bot to reduce spam emails to the company by 100%.

Projects

Side Projects

- [Personal Website](#) - Created a personal website using HTML, CSS, and JavaScript which has various features including a stock bar displaying current stock prices and their day change percentage using a public stock API.
- [Stock Market Simulator](#) - Created a simulator based on the stock market using HTML, CSS, and JavaScript. The simulator includes various details including upgrades and a working fictitious stock market.

School Projects

- **Cookbook** - Worked with a team of Computer Science students using Git and Java to develop an interactive Cookbook with features like compatibility with multiple languages, a unit converter, and various other add-ons.

Skills

Languages: Java, Python, JavaScript, HTML, CSS

Developer Tools: GitHub, Eclipse IDE, Visual Studio Code
